

**AMENDMENTS TO CLAIMS**

1. Canceled.
2. (New). A method for carrying out a currency-chip transaction for chips used at a gambling table in a casino, including the steps of
  - (a) providing a machine in a casino to
    - (i) receive a plurality of gambling chips,
    - (ii) determine the total value of the gambling chips,
    - (iii) dispense an amount of currency equivalent to the total value of the gambling chips,
    - (iv) connect to a web site to purchase goods or service,
    - (v) pay with a credit card for goods or services selected at the web site;
  - (b) inserting gambling chips in said machine to receive currency equivalent to the total value of the gambling chips;
  - (c) connecting, with said machine, to a web site;
  - (d) selecting with said machine goods or services from the web site; and,
  - (e) utilizing said machine to pay with a credit card for the goods or services selected from the web site.
3. (New). The method of Claim 2 wherein
  - (a) in step (a), sections (i) to (iii), said machine receives currency and dispenses gambling chips; and,
  - (b) in step (b), currency is inserted in said machine to receive gambling chips.
